

# Winter projects

## **Bold=priority**

1<sup>st</sup>

### **Astroturf path from practice tee to 1<sup>st</sup> tee to accommodate winter buggy access**

Re-lay AstroTurf alongside 1<sup>st</sup> tee and remove boarder along wall

Install permanent fence along the L/H side of tee

Remove Wendy house and introduce a swinging area

### **Astroturf walkways between humps**

Astroturf path from 1<sup>st</sup> green, joining up with AstroTurf on the 2<sup>nd</sup> tee, rubber matting leading off 1<sup>st</sup> green to new AstroTurf path

Remove laylandii to the R/S to allow more light and air across 1<sup>st</sup> green

### **Thin copse of trees to allow more light and air across 1<sup>st</sup> green**

### **Re-turf L/H bunker**

### **Rebuild R/H bunker**

2<sup>nd</sup>

### **Level AstroTurf around winter mat**

Tree removal on R/H bank

Lay wood chippings under trees R/S

3<sup>rd</sup>

### **Rebuild all greenside bunkers**

### **Install liner and new sand to R/H fairway**

### **Fill in L/H fairway. If not, rebuild**

4<sup>th</sup>

Astroturf paths from both tees leading to fairway

### **Install open ditch in R/H rough to stop the flow of water across carry**

Construct 3 new bunkers L/H side of fairway starting at 280 yards from main tee

Continue with laying wood chippings under trees

### **Contact council to install a drain across the road to allow water off the course**

### **Rebuild both greenside bunkers with drainage**

5<sup>th</sup>

**Finish cross ditch and install a 2<sup>nd</sup> bridge**

**Rebuild both greenside bunkers with drainage**

Install AstroTurf path to R/H side of green

**Extend Lens path with AstroTurf and install rubber matting leading to path**

**Install rubber matting to exits on both bridges**

**Thin copse to rear of greens and remove storm shelter, lay wood chippings under trees**

6<sup>th</sup>

**Investigate fairway bunker drainage, liner and new sand**

**Liner and new sand to greenside**

Install rubber matting to the start of the L/H AstroTurf path

Remove scrub to rear of green

7<sup>th</sup>

**Remove steps to main tee, build wall and reinstate tee. Construct steps for golfer access on R/H side**

Continue AstroTurf path to fairway

Re-lay AstroTurf on R/H Bridge

**Install AstroTurf to L/H Bridge and continue to 8<sup>th</sup> tee**

**Rebuild front and R/H bunker**

**New style sand in L/H bunker**

8<sup>th</sup>

**AstroTurf path from tee, along the left of the carry to fairway**

Clear scrub and trees to expose pond

**Investigate fairway drainage**

9<sup>th</sup>

Open ditch along wall from green/red tee flowing into cross ditch to stop the water going down the

Clear scrub along L/H side

Remove remaining laylandii on R/H side

AstroTurf both crossings over ditch

10<sup>th</sup>

Continue AstroTurf to main tee

Build wall to front of main tee. Improve access to tee for turf equipment

Continue AstroTurf path to fairway

11<sup>th</sup>

**Re-turf bunker. Liner and new sand**

**Astroturf path to 12<sup>th</sup> mat with rubber matting at 11th green end**

12<sup>th</sup>

Astroturf path from tee to fairway

**Install liner and new sand to both bunkers**

13<sup>th</sup>

**Rebuild all bunkers and investigate drainage. Construct L/H greenside to shed water to rear of 13<sup>th</sup> green**

Astroturf path between 12<sup>th</sup> tees and 13<sup>th</sup> green to 14<sup>th</sup> tees

14<sup>th</sup>

AstroTurf path from tee, continuing along L/H to 15<sup>th</sup> tee

**Rebuild both bunkers**

**Remove L/H pine and roots to accommodate new path**

15<sup>th</sup>

**Astroturf path from bend in tarmac path to fairway**

Fill in fairway bunker

**Rebuild all greenside bunkers**

16<sup>th</sup>

Rebuild bridges across ditch and cover with AstroTurf

**Astroturf path from green to 17<sup>th</sup> tee**

17<sup>th</sup>

Link up AstroTurf path to carry

**Install rubber matting to path end**

**Rebuild both bunkers**

**Thin trees on L/H side to allow more light and air across 17th green**

Remove R/H humps

Continue AstroTurf path to 18<sup>th</sup> tee

18<sup>th</sup>

**Rebuild bunker**

**Investigate drainage at beginning of fairway**

**Rough management will continue along with heather regeneration**
